SUSTUNE TECHNOLOGIES PRIVATE LIMITED

INTERNSHIP CERTIFICATE

This is to certify that Mr. Vinay Raj V, student of Jawaharlal Nehru New College of Engineering, Shimoga, has successfully completed his internship at SustuneTech from 16th February 2026 to 23rd August 2026 in the role of Technology Research Intern.

During this period, he undertook the study of Data Analytics and covered the topics of Python Programming Fundamentals, Data Modelling Concepts, Microsoft Fabric & Lakehouse Architecture, Data Governance & Security, and Sustainability R&D under our guidance. His assignment included designing normalized relational schemas, developing end-to-end Lakehouse ETL pipelines, implementing Row-Level Security (RLS), and building analytics solutions for Road Condition Image Processing and Retail Revenue Capstone.

He carried out responsibilities with sincerity and dedication, demonstrated strong analytical and research skills, and cleared the final assessment within the stipulated time. Overall performance during the internship is assessed as excellent.

We place on record our appreciation for his involvement, contribution and wish him success in future academic and professional endeavors.
